Review

The National Institute of Social Development (NISD), functions under the purview of the Ministry of Social empowerment and welfare is the only one academic institute which provides social work education in Sri Lanka. This was established as a higher educational institute with the name of “national institute of Social development by order under the parliament act no.41 of 1992. In 2005, the government of the democratic, Socialist republic of Sri Lanka, on the recommendation of the university grants commissions, declared the National Institute of Social Development as a degree awarding institute for the purpose of developing higher education by order under section 25 A of the universities Act No.16 of 1978. Currently this institute conduction, training and research programmes and number of diploma on social work, social welfare, social development and psychological counseling. To conduct these programmes successfully, National Institute of Social Development functions under four main divisions such as, school of social work, training division, Research Division as well as Administration and Finance Division.

All the syllabuses of graduate degree, degree, higher diploma, diploma certificate level courses and training programmes are prepared according to the need assessment reports, which is suited up to national requirements. The syllabuses are conducted by the relevant professionals, educationalists and internal staff to fall in line with the Sri Lanka Qualification Framework (SLQF) formulated by the University Grand Commission.

Among the academic programmes which are conducted by the school of social work, Diploma in professional social work, higher diploma, BA and MA in Social Work can be identified as major programmes. Except that, School of Social Work conducts Diploma in Women Empowerment and Diploma in Child Protection. Also Diploma in Sign Language is stated to conduct this year onwards.

The training Division conducts number of courses. Among that Diploma in counseling, Child Protection, Social Care, and Community Based Corrections can be identified as major courses. Diploma in counseling developed as a higher diploma as well as working to create a degree in counseling. Also conducts certificate courses and short term training programmes all around the country according to the requirement of both government and non-government organizations. This hopes to develop the capacity of officers in the field of social developments. These courses are conducted in Jaffna, mannra, Kilinochchi, Ampara, Vawniya, Batticaloa, Kurunagala, Anuradhapura and Hambanthota mainly focused on Colombo.

Research and Publications Division conducts several researchers to enhance social policies in Sri Lanka. Research Reports and publications done by the research division are more relevant to use the development of the fields of Social Development and Social Welfare. There are four major regional centers in Anuradhapura, Thalawa, Ampara, Hamabanthota Ranna, and Kilinochchi. The purpose of the establishment of these regional centers, to distribute institutional programmes of the main branch to Sinhala, Tamil, Muslim communities in other regional areas.

In 2014, Ministry of higher education and the University Grant Commission agreed to establish this institution as a national university through cabinet paper. Now as a step of this, one institution started to affiliate to the University of Sri Jayewardenepura.

There was a cabinet approval for the construction work for a new building structure to the institution at Seeduwa. Also it was allocated one billion rupee for a building from the Department of Budget. Currently, it is conducting Procurement process of the construction in 2017.

National Institute of Social Development has conducted academic programmes with national/ International institutions and organizations. It helps to broaden the opportunities to provide objectives and duties of the institution for community. At the present, the institution provides a great service for the Sri Lankan community and within the 65 years of history, it is a great pleasure to appreciate its social service.

Director General
National Institute of Social Development

Introduction of the National Institute of Social Development

The National Institute of Social Development (NISD) is a statutory body of the Ministry of Social Empowerment and Welfare. It is the premier institution in Social Work education in Sri Lanka. It is recognized by the University Grant Commission (UGC) as a degree awarding institute, under 25 of the Universities Act No. 16 of 1978. This institute functions under the purview of the Ministry of Social Services and Social Welfare as an educational institution producing professional social workers to serve the social welfare system and to promote social development.

The history of this institute goes far back as 1952 which renamed as the Sri Lanka School of Social Work. In 1992, it was upgraded and renamed as National Institute of Social Development by an Act no.41 of 1992. In 2005, the Government of the Democratic, Socialist Republic of Sri Lanka, on the recommendation of the University Grants Commission, declared the National Institute of Social Development as a degree awarding institution for the purpose of developing higher education leading to the conferment of the Bachelor's degree in Social Work, by order under Section 25 A of the Universities Act No 16 of 1978, published in the Gazette Extraordinary No. 1395/15 of June 01 2005.

Subsequently to include the Master's Degree programme in Social Work as recommended by the University Grants Commission, published under section 25 A of the Universities Act No. 16 of 1978 published in the Gazette Extraordinary No. 1557/7 of July 07 2008.

1.2 The Organizational Structure of the Institute

The Governing Council is the apex body in the organizational structure of the National Institute of Social Development. The administration, management and control of the affairs of the Institute are vested in the Council. The Academic Affair Board functions under the Council as an advisory body on all academic matters.

The regular operational functions of the Institute are carried out by four integrated divisions. They are;

1. The Sri Lanka School of Social Work
2. The Training Division
3. The Social Policy Research & Publications Division
4. The Administration & Finance Division

The first three divisions are engaged in academic matters. At present, the School of Social Work conducts the three main academic programmes of the institute. They are; the two-year Diploma programme in Social Work, the four-year Bachelor's degree programme in Social Work, and the two-year Master of Social Work degree programme.

The training division conducts the Diploma programme in Counselling, an eighteen-month programme and several sponsored in-service and out-reach training programmes. The research division is engaged in conducting and collaborating research activities pertaining to aspects of social work education and practice, social welfare and social development. The administrative and financial division is in charge of all administrative and financial matters of the Institute. The Director-General is the principal executive officer of the Institute

- **The Journal of Social Development**

In current Sri Lankan Society there are many discourses regarding the Education Sector. Since the new education system has been developed under Free Education policy attention has been paid for its productivity, cleverness of the gradients, benefits to the society. It is hard to find a intellectual discourse regarding the status of modern education in current society. Especially researches are in considerable rate regarding social problems, and unmannered actions the transmission of central information to community is in low level. Hence, it is important to produce a academic journals for Sri Lankan community which for address Social problems, issues which will be useful to Social Policies. Raise conscious of all academic and learning community of Universities, other

educational, research and training section and making opportunities for them to use their knowledge in actively.

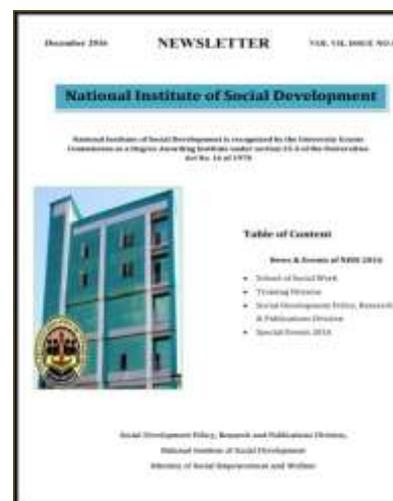

By considering the above facts importance of publishing a referred journal according to international standards was arisen. Therefore, paying attention on current social phenomenon under the theme of “Effectiveness of the Social Sciences for the Social Development in Sri Lanka” this journal has been published. Academic and Research papers written in both languages – English and Sinhala are been published here.

It is important to nurture the Sri Lankan nation with Knowledge, make them pay their attention on contemporary Social issues and trends. and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatements.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the Institute's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Institute's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements. Sub - sections (3) and (4) of Section 13 of the Finance Act, No. 38 of 1971 give discretionary powers to the Auditor General to determine the scope and the extent of the audit.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinion.

1.4 Basis for Qualified Opinion

My opinion is qualified based on the matters described in paragraph 2.2 of this report.

2. Financial Statements

2.1 Qualified Opinion

In my opinion, except for the effects of the matters described in paragraph 2.2 of this report, the financial statements give a true and fair view of the financial position of the National Institute of Social Development as at 31 December 2016 and its financial performance and cash flows for the year then ended in accordance with Sri Lanka Public Sector Accounting Standards.

2.2 Comments on Financial Statements

2.2.1 Accounting Deficiencies

The following observations are made.

- (a) Even though the physically calculated stock as at 31 December of the year under review amounted to Rs.541,201, that value had been included as a sum of Rs.836,338 in the financial statements. As such, the stock balance as at the end of the year under review had been overstated by a sum of Rs.295,137 and the deficit of the year had been understated by that amount.
- (b) Capital grants amounting to Rs.5,832,151 received from the Treasury for the year under review to the Institute of Social Development, the deficit of the year as well had been understated by that amount on it being brought to account as income of the year and the Treasury provisions opening balance amounting to Rs.14,571,241 had not been stated in the comparative statement of financial position.
- (c) Provisions had not been made available for the audit fees payable to the Auditor General's Department for the audit of financial statements relating to the preceding year and to the year under review.

3. Financial Review

3.1 Financial Results

According to the financial statements presented, the financial result of the Institute for the year ended 31 December of the year under review had resulted in a deficit of Rs.2,739,560 as against the corresponding surplus of Rs.10,428,163 for the preceding year, thus indicating a deterioration of Rs.13,167,723 in the financial result in the year under review as compared with the preceding year. The increase of the course income by a sum of Rs.3,415,400 in the year under review and the increase of personnel emoluments and course fee expenses by a sum of Rs.8,369,465 had been the main reason for the above deterioration.

Auditor General's Department

In analyzing financial results of 04 preceding years and in the year under review, even though a financial deficit had indicated from the year 2012 to the year 2014, it had been a financial surplus in the year 2015 and it had again indicated a financial deficit in the year 2016. However, in adjusting personnel emoluments and depreciation on non-current assets again, the contribution of the Institute amounting to Rs.30,319,643 had continuously improved and had been a sum of Rs.72,068,787 in the year 2016.

4. **Operating Review**

4.1 **Performance**

The following functions were scheduled to be executed in terms of Section 03 of the National Institute of Social Development Act No.41 of 1992.

- (a) Advising the Minister regarding plans, programmes and activities for the promotion of social work and social development education.
- (b) Conducting undergraduate and postgraduate courses in social work and social development.
- (c) Conducting and promoting studies on the social welfare system and social development programmes.
- (d) Initiating and promoting innovative practices in the social work and the social development education system, including adaptation of technology in social work.
- (e) Making provisions available for the development of professional and managerial competence of personnel in the social welfare system.
- (f) Making available to the Government and other approved organizations, specialist services in social work and social development.
- (g) Co-operating with other institutions having similar objects.

The Institute had prepared an Action Plan for the year under review for its 04 main divisions and, the following observations are made according to the Performance Report prepared in the year under review relating to it.

(a) School of Social Works

- i. Even though it had been planned to recruit 180 students in Sinhala, Tamil and English mediums for the Bachelor of Social Work for the academic year 2016/2020 according to the Revised Action Plan furnished for the year under review, 55 students had been recruited for English medium and students had not been enrolled for Sinhala and Tamil mediums.
- ii. Even though action should be taken to conduct the relevant examinations only after completing 100 per cent of lecture hours for each semester, examinations had been conducted without completing 100 lecture hours.
- iii. The number of students registered in three languages for the Bachelor's Degree in Social Work from the year 2013 to the year 2015 had been decreased by 30 per cent by the end of the year under review.
- iv. Even though the examinations relating to Bachelor of Social Work, Diploma in Social Work and Higher Diploma in Social Work in the academic years 2012/2016, 2013/2017, 2014/2018, 2015/2019 should be conducted in the year under review, those examinations had not been conducted.

(b) Training Division

- i. The Diploma in Counseling conducted in the Kilinochchi District Secretariat Office for the officers of the Government and Non-Governmental Institutions and for the personnel of voluntary organizations and for the students passed the Advanced Level Examination should be initiated in the year 2014 and had to be completed in the year 2015. However, the awarding of Diploma certificates after the release of the final results of the Diploma had been delayed for one year and 03 months.
- ii. It had been planned to conduct the Diploma in Gerontology in the years 2014/2015 for the officers of the Government and Non-Governmental Institutions and for the personnel of voluntary organizations and for the students who passed the Advanced Level Examination and, 25 students had participated for it. Even though results had been released in the year 2015, the awarding of certificates had been delayed for over a year.

(c) Social Development Policy, Research and Publication Division

Preparing social development policies, conducting research and launching publications are carried out by this division and a sum of Rs.1,323,000 had been allocated for thirteen programmes under the Action Plan of the year under review.

The following observations are made in this connection.

- i. Conducting courses, collecting research data and conducting interviews only had been carried out for Ranna, Ampara, Kilinochchi and Thalawa regional centres. However, specific courses had not been initiated in those centres up to date.

- ii. Even though it had been stated in the Action Plan to print the Research Report on Inquiring on the Impact of the Art of Modern Tele Drama towards the family structure in 200 copies, about 100 copies being printed in the year under review, its physical progress remained at 50 per cent. Moreover, printing books and scholastic magazines according to the expected plan remained at a low level and, they had not been distributed to the relevant division or to the relevant persons in the year under review.

4.2 Personnel Administration

The following observations are made.

- (a) The approved cadre of the Institute as at 31 December of the year under review had been 137 and the actual cadre being 113, 24 vacancies remained. Ten posts such as 04 posts of Senior Lecturer, 03 posts of Senior Research Officer and the post of the Professor as well remained vacant up to 30 June 2017. It could not be neglected in the audit that the posts of these lecturers remaining vacant did not affect in not being able to conduct most of the courses of the Institute.
- (b) Even though a Senior Officer of its immediate position should be appointed for acting in appointing for acting for the post of Director (Administration and Finance), an officer who serves for a post of a lower grade had been appointed despite there were three officers who serve for that post. Moreover, even though an acting post is susceptible for a period of 3 months, the acting appointment had been awarded and salaries and allowances had been paid, despite it had been over 3 years to fill the vacancies of the relevant post and until a permanent officer is appointed for that post.

(c) A female officer who was not acquired with fundamental knowledge on Accounting, who was serving for a post in the category of Academic and Research Services, had been appointed on 01 March 2017 by revising in a manner that is relevant to this instance as a post in the “category of Academic and Research Services”, the condition that the candidate should be acquired with at least 5 years of experience in a Grade I post “in the category of Management Services”, the qualification required in making recruitments from internal candidates for the post of Director (Administration and Finance), according to the approved Recruitment Procedure.

5. **Accountability and Good Governance**

5.1 **Internal Audit**

Even though the Internal Auditor should directly report to the Chairman of the Institute according to the Organizational Manual of the Institute, reports had been furnished to the Director General, the Chief Executive Officer, by the Internal Auditor.

5.2 **Budgetary Control**

The budget had not been made use of as an effective instrument of management control on not preparing the budget for the year under review by including the expected course income and expenditure.

6. **Systems and Controls**

Deficiencies in systems and controls observed during the course of audit were brought to the notice of the Chairman of the Institute from time to time. Special attention is needed in respect of the following areas of control.

Observations of the Director General, which is according to the accounts which was closed on 2016/12/31 in accordance 14 (2) C act, the audit report

2.2. Expression of views on Financial Statements

2.2.1 Issues of accounts

- a. Will be accepting the recommendations that have been given with regard to the preparation of the final accounts and acknowledge the fact that the final value of the stock to be recorded with a false amount. It was also observed that this is an error which could have been avoided hence instructions have been given to the accountant to do the needful in making sure that an error of this nature will not be repeated in the future.
- b. It was observed that the capital obtained by the treasury needs to be properly accounted for and records maintained hence it has been instructed to do the needful in eliminating the occurrences of erroneous account entries in the future.
- c. The recommendations provided are accepted with instructions being given to the accountant in making reservations to prepare accounts from 2017 onwards with allocations being made to factor into accounting charges.

03. Financial Review

3.1 Agree with the recommendations given. The accounts of the institution had been prepared on cash basis since 2016. However it needs to be mentioned that even though since 2016, proper measures were taken in preparing the accounts on accrual basis, course fees of 2016 have been included in the accounts of previous years thus the reduction in the amount due for 2016 been recorded in accounts. It needs to be reiterated that proper recording and maintenance of accounts will be made from 2016 onwards as mentioned above and that the due amount that ought to be received for 2016 will be recorded without any discrepancy and wishes to emphasize on the fact that there have been no decline in the amount that is due to be received in course fees for 2016. Instructions have been given to the accountant to make sure that the above is being properly exercised.

Agree with the financial results analysis of the year under review together with the results of the previous four years.

04. Operational Review

4.1 Performance

a. School of Social Work

- I. It was identified that the inefficiency was caused due to the limitations of available space at the premises together with the limitations in the facilities provided, hence in a bid to increase the number of future student enrolments, it was decided to conduct awareness programs by the secretary to the ministry of Social services and women empowerment and the relevant academic directors (school of social work, training division, social policy analysis and publications division) have been instructed to engage in the process for which measures taken

will include informing the relevant ministries that are in the development process, via the distribution of leaflets to increase coverage and making visits to government institutions and schools. It is expected that the above will be much productive once the construction activities of the new building is being completed.

- II. Agree with your observation. It was informed by the relevant lecturers that 100 hours had been completed for each semester. What had happen is that the lecturers have not been able to sign off the attendance sheet. It needs to be mentioned that attendance sheets are available for different lectures and it is being inspected and monitored by the course coordinator and the relevant director.
- III. The new building which is currently under construction is expected to be consisted with relevant infrastructure that facilitates student learning experience hence it is expected that once the new building is completed the difficulties prevailing at present will be eliminated. However the three academic divisions consisting of the school of social work, training division, social policy research and development division have been instructed to provide a comprehensive report elaborating the present status of the physical and human resources available to the institution together with issues and solutions with the inclusion of observations made by the academic board and to be presented to the governing council.
- IV. It was instructed to the director of school of social work and relevant parties to take measures to ensure that students are able to sit for exams during the time period they are supposed to sit for exams. Instructions have been given to the ??? to provide a report to the academic board of studies and afterwards to present it to the governing council in the event that the exams are not able to hold during the time period it's supposed to be held.

b. Training Division

- I. It was observed that the major obstacle to conduct certificate award ceremonies is the delay of the submission the exam paper marking results. Therefore, I was advised both the registrar and the director to make the efficiency of paper marking process within the institution. Further advised to the registrar and her staff to conduct certificate award ceremony on time by conducting exams in scheduled time. Also advised to the registrar to submit a report (whether the all exams are conducted on punctual time) to AAB and the Governing Council.
- II. According to your observation, it was advised to offer certificates in proper time period for relevant conducted exams in upcoming years.

C. Social Development, Policy, Research and Administration Division

- I. The need assessment conducted about the expected research, which is going to conduct based on NISD regional centers at Ranna, Ampara, Kilinochchi and Thalawa. In addition, report according to the need assessment completed in 20.12.2016 and submitted the soft copies of it to all O/C at regional centers. As well as conclusions and suggestions

according to the report was given to the Director, Training after the book lounge held 11.07.2017.

After the research, also informed to the training division to include necessary training programmes and diploma to Action plan 2018. Similarly, expenditure estimate of the conducted diplomas at regional centres was included in to the budget estimate 2018. Advice the relevant parties to work according to the instructions.

II. Though it was decided to publish 200 research books, limiting the number of research and academic based on academic needs, published 100m copies at the research report. In such case, it was informed to forwarding the issues to the AAB and get permission of the Governing Council.

4.2. Staff Management

- a. Based on your observation, it was advised to immediately fill the most important position at the institution to conduct diplomas on time.
- b. It was noted that in future when filling the positions at the institution the most senior officer should be selected and work according to the admiration regulation and financial regulation. Also advised to the administration division about the said facts.
- c. Recruiting the position of Director (Administration & Finance) is mentioned as an academic and research service post, but today on wards it was noted that affiliate the most suitable senior officers for such posts. Administration branch was advice on such facts.

05. Accounting and General Governance

5.1. Internal Audit

I am agreeing with your observation. Organizing Note was corrected by discussing it at the institutional audit and management committee. As well as, advice to the relevant divisions to charge the independency of post.

5.2 Budget management

There is an approved budget by governing council of the institution for all diplomas. All the management is conducting according tom the institution for all diplomas. All the management is conducting according to it father advice according to your observation to both directors training and accountant most focus on she said budget in coming years and correctly predict expected earnings and expenditure and included it in to the total budget and use it as effective management force.

06. System and management

It is noted to pay much attention on your observations and currently, it was providing the necessary advice to relevant officers to reduce issues.
